

Dr. Mujahid Tabassum

PhD (USIM, Malaysia), GCLT (Swinburne, Australia)
MSc. (Halmstad, Sweden), BCS (Wollongong, Australia)
Chartered Engineer (CEng) – Engineering Council, UK
Microsoft Certified Trainer – MCT; Microsoft Certified Educator - MCE
Microsoft Technology Associate – MTA
Microsoft Cloud Engineer and Administrator, IT Consultant
Networks, Security, Linux, IoT – Cisco Certified Instructor
Project Management, ITIL®4, Agile Foundations – LinkedIn Certified
Member of IAENG, IET, IEEE, MBOT, Australia Computing Society
Certified Train The Trainer, Malaysia

Career Objective:

I am a self-motivated, competent, and confident person having 16 years of teaching and hands on experience in Computer Science, Windows Server Administration, Networks, Security, IT Operations, and Project Management fields. I can manage and handle multi-disciplinary projects, budget, and teams to achieve assigned goals. I have an ability to build strong relationships with people and meet tight timelines.

Personal details:

- **Sex:** Male
- **Date of Birth:** 2nd August 1983
- **Language:** Fluent in writing, speaking, and reading of English, Urdu, and Punjabi.
- **Marital Status:** Married
- **Contact Number:** 00353873909668
- **Email Address:** mujee1983@gmail.com
- **Residence:** Holding Stamp 4 (PR), Ireland

Portfolio:

- **LinkedIn:** <https://www.linkedin.com/in/mujahid-tabassum-2127628b/>
- **Google Scholar:** <https://scholar.google.com/citations?user=l-2A4vIAAAAJ&hl=en>
- **Scopus Profile:** <https://www.scopus.com/authid/detail.uri?authorId=56568133700>
- **Researchgate:** <https://www.researchgate.net/profile/Mujahid-Tabassum>
- **Credly:** <https://www.credly.com/users/mujahid/badges>

Education Background:

- **SETU, Ireland:** October 2024 – Present: Master of Education (Teaching and Learning).
 - Completed Modules: Digital Creativity, Curriculum and Assessment Design, Academic Enquiry, Teaching and Assessment: Theory Policy and Practice.
- **USIM, Malaysia:** September 2017 – May 2024: Doctor of Philosophy in Science and Technology (Specialization in Wireless Sensor Networks and Machine Learning)
- **Swinburne University of Technology, Australia:** Completed in July 2018: Graduate Certificate in Learning and Teaching (Higher Education).
- **Halmstad University, Sweden:** January 2008 to May 2009: Master's in Computer Systems Engineering (Specialization in Computer Networks)
- **University of Wollongong, Australia:** August 2003 to August 2006: Bachelor of Computer Science

Career Contribution & Awards:

- 1100€ Travel Grant Won from Enterprise Ireland – December 2025
- 15000€ Grant Won on Project: Title “Cybersecurity-Integrated Structural Design for a Multipurpose Immersive DR Lab” as a Team member – April 2025
- 5000€ SATLE25 Grant Won: Supporting and Highlighting the Value of Teaching and Learning Enhancement within Higher Education Institutions as a Team member – August 2025
- Indian Patent, Application Submitted April 2026: AI-ENABLED REAL-TIME CAPTIONING AND COMPUTER VISION ASSISTIVE SYSTEM FOR BLIND AND VISUALLY IMPAIRED PERSONS

- Indian Patent, Application Submitted April 2026: SECURE AI-POWERED LCD TOUCHSCREEN ELECTRONIC HEALTH RECORD SYSTEM WITH CLOUD SYNCHRONIZATION AND PREDICTIVE HEALTHCARE ANALYTICS
- Cisco Instructor Excellence Award – Above & Beyond 2023
- Best paper presenter @ The 9th International Conference on Mining Intelligence and Knowledge Exploration (MIKE 2023 by IEEE Society) – Norway, 28 - 30 June 2023
- Cisco Instructor 5 Years of Service Award 2023
- Cisco Instructor Excellence Award – Advance level Instructor 2021
- Employee of the Year Award 2021 @ UTAS
- Patent: IMPROVED IOT-BASED CONTROL SYSTEM COMBINED WITH AN ADVANCED CONTROL MANAGEMENT SERVER-BASED SYSTEM, Date Issued, Mar 3, 2021, Patent Number AU2020104364 by IP Australia.
- Patent: NETWORK BASED DEPLOYMENT OF IOT ARCHITECTURE THROUGH SOFTWARE DEFINED NETWORKS, Date Issued, Oct 27, 2021, Patent Number AU2021105858 by IP Australia.
- Winner of 3MT competition 2018 @ USIM
- Best paper presenter @ The 2016 IAENG International Conference on Communication Systems and Applications, Hong Kong, 16 - 18 March 2016.
- 1st Runner-up @ 8th Chief Minister's ICT Sarawak Media Awards Competition – 2015

Hands on Experience:

- Designed and developed Computer Science, Cisco (CCNA, CCNP) and Linux lab activities related to configuring the protocols and creating solutions for various situations.
- Cloud Engineer Administration, Microsoft Windows Server Administration, Linux Administration, Cisco and Networks, and Security.
 - Designed and deployed Azure-based solutions for clients, leveraging Azure certifications to optimize cloud resources and enhance security.
 - Utilized Cisco courses training to design, construct and troubleshoot networks as per client needs.
 - Provided L1 and L2 technical support to end-users, troubleshooting hardware and software problems, and resolving issues to minimize downtime.
 - Designed and developed Windows Server 2012/2016 labs activities for configuring AD Domain Services, DNS, DHCP, Backup and related services.
 - On-site and remote technical support service to configure network infrastructure, including Cisco routers, switches, and firewalls. Manage and configure Active Directory Domain Service-related tasks for assigned sites.
- Project Management, IT Operations and Network Security frameworks include COBIT, COSO, A5/NZ5-4360-2004, NIST, ISO 27001, ISA/IEC62443 and SP 800-30.
 - Develop and manage software developments plans for multiple teams, ensure the project delivery time, manage resources and reliable communicate between stakeholder, clients, and development teams.
 - Developed and managed project plan including scope, requirements analysis, resources, budget, risk, and the timeline for assigned projects.

Skills:

- Project Management → Advance
 - Windows Server Administration, MS Office 365, Hardware, and Azure → Advance
 - Linux Administration → Advance
 - Networks, Cisco, IT Operations, and Security → Advance
 - Proposal, Report Writing, Presentation → Advance
 - Education and Research → Advance
-

Personal Strength:

- Able to identify and understand people's needs.
- Dynamic, responsible team leader and player.
- Good communication and collaboration skills.
- **Research Interests:** Computer Networks, Security, IoT, Applications, Wireless Sensor Networks, Cloud Computing, and AI.

Work Experience:

- **Lecturer/Associate Professor CS – Feb 2025 to Dec 2025 (On Exchange Program):** Nanjing University of Information Science and Technology (Waterford Institute of Technology), Nanjing, China. (<https://en.nuist.edu.cn/mainm.psp>)
 - ✓ Teaching DevOps, Cloud Computing (AWS), Network Security and BIS modules.
 - ✓ Ongoing development and assessment of curriculum.
 - ✓ SETU Modules Coordinator.
- **Lecturer/Associate Professor CS – August 2024 to Present:** South East Technological University, Waterford, Ireland. (<https://www.setu.ie/>)
 - ✓ Microsoft Learn and SkillAbleLab Academy Coordinator and Advisor.
 - ✓ Teaching Cloud Computer, Networks, Security & Microsoft subjects.
 - ✓ Ongoing development and assessment of curriculum.
 - ✓ Work on research grants and publish research papers. Participate in academic and internal committees.
 - ✓ Supervised honours and postgraduate students in research projects.
 - ✓ Master/PhD thesis examiner.
- **Subject Matter Expert – June 2022 to September 2024:** Noroff University College, Kristiansand, Norway. (<https://www.noroff.no/>)
 - ✓ As a Cisco Networking Academy ASC & ITC manager buildup relationship with School and Institutions to expand Noroff Cisco Academy network.
 - ✓ Managing networking labs within four campuses as part of IT Operations.
 - ✓ Networks, Security & Microsoft Instructor and Trainer.
 - ✓ Develop and deliver appropriate courses to boost company revenue and create values for local society.
 - ✓ Develop new courses curriculum and teaching materials in Computer Networks, Security and Cloud Computing as per industry and client's needs.
 - ✓ Hands on experience to develop and manage Microsoft Windows Server labs, configuring AD Domain Services, DNS, DHCP, Backup, Microsoft Azure Cloud portal, resources, apps, policies, subscriptions, services, Cisco (CCNA, Security) and Linux lab activities.
 - ✓ Configuration of protocols such as EIGRP, OSPF, BGP. Hands on experience to configure Cisco routers, switches, and firewalls.
 - ✓ Hands on experience of teaching and managing Project Management and Network Security frameworks such as COBIT, ISF, COSO, A5/NZ5-4360-2004, NIST, ISO 27001 and SP 800-30.
 - ✓ Designed and implemented hybrid cloud solutions, integrating on-premises infrastructure for clients as an IT Consultant.
- **Microsoft Trainer (Freelance, Remote) – August 2023 to July 2024:** The Knowledge Academy, UK. (www.theknowledgeacademy.com)
 - ✓ I have delivered remote training to USA, Canadian, Australian, and UK clients on the following courses: AZ900, AZ104, MB910 (CRM), MB920 (ERP), CISSP, IT Service Management, Generative AI in Cybers, Certified Professional Change Management, Windows Server Administration, CCNA.
- **Lecturer, Information Technology Department – February 2019 to May 2022:** University of Technology and Applied Sciences, Muscat, Oman. (<http://www.hct.edu.om>)

Responsibilities:

 - ✓ Cisco Certified Instructor & Microsoft Windows Server instructor.
 - ✓ To design and develop teaching materials for assigned modules. Ongoing development and assessment of curriculum.
 - ✓ Designed Interface of "Research Management System" for UTAS.
 - ✓ Lead and collaborate in respective research groups and committees. Organize events and facilitate internal committee's operations and develop strong relationship with stakeholders. Coordinate Student National Symposium Industry Revolution 4.0 2020 and 2021.
 - ✓ Prepare the technical programs, policies, proposals, budgeting and strategies of research events, website development and journal editorial.
 - ✓ Student's course project supervisor and conduct internal/external project reviews.
 - ✓ Use of e-learning/Moodle for online exams, assessments and sharing materials.
- **Adjunct Research Fellow, Faculty of Engineering, Computing & Science – February 2019 to Jan 2020:** Swinburne University of Technology, Sarawak Campus, Malaysia. (<http://www.swinburne.edu.my>)

Responsibilities:

 - ✓ Supervised postgraduate students in research projects.
 - ✓ Lead and collaborate in respective research groups.
- **Lecturer, Faculty of Engineering, Computing & Science – February 2012 to Jan 2019:** Swinburne

University of Technology, Sarawak Campus, Malaysia. (<http://www.swinburne.edu.my>)

Responsibilities:

- ✓ To provide an innovative and excellence in teaching, as per the Swinburne professional learning model.
- ✓ Ongoing development and assessment of curriculum under Swinburne University of Technology, Bachelors' Degree's regulation.
- ✓ Manage budgets and resources of Microsoft, Linux, Information Security and Cisco labs as a coordinator as part of IT operations.
- ✓ Supervised honours and postgraduate students in research projects and publish research papers.
- ✓ To lead and participate in an academic, professional, and internal communities.
- ✓ Act as independent reviewer to evaluate and award "Internet Traffic Management Appliance plan and services" & "Cisco Smartnet Service" tenders to specific vendors.
- ✓ Independent reviewer to check pricing quotations and access the feasibility of University Cisco Network Infrastructure plan & Internet Traffic Management Appliance plan from different vendors.

- **Field Engineer (Freelance – Oct 2017 to July 2024:** Avaso Technology Solutions. (<http://www.avasotech.com/>)

Responsibilities:

- ✓ I have worked for Avaso in Malaysia and the Norwegian region.
- ✓ Provides on-site technical service support to configure and install network infrastructure, including Cisco routers, firewalls, and switches.
- ✓ Offer onsite installation, configuration, and technical support for client network infrastructure.
- ✓ Change faulty hard drives of data centre servers and replace them with news as per the given instruction.
- ✓ Assist with system troubleshooting and software maintenance activities.
- ✓ Document network configurations, policies, and troubleshooting guides for internal use.
- ✓ Perform basic troubleshooting for LAN, WAN, and Wi-Fi connectivity issues.
- ✓ Support end-users with network-related problems, including IP address conflicts and VPN access issues.
- ✓ Maintain network documentation, including topology diagrams and inventory records.
- ✓ Follow ITIL processes for incident management, logging, and resolving tickets.
- ✓ Perform routine network health checks and report findings to the senior engineering team.

- **IT Project Manager (Freelance) – Jan 2016 to Dec 2019:** Eunoia IT Solutions, Malaysia. (<https://eunoiaits.com/>)

Responsibilities:

- ✓ Develop and manage project plan including scope, requirements analysis, resources, budget, risk management, and timeline.
- ✓ Manage project and IT operations.
- ✓ Handle communication between client, development teams and stakeholders.
- ✓ Responsible to prepare documentation and agreement between clients and company.
- ✓ Create software development life cycle and monitor and manage development progress.

- **Lecturer, Faculty of Information and Communication Technology – September 2009 to January 2012:** Limkokwing University of Creative Technology, Malaysia. (<http://www.limkokwing.net/borneo/>)

- ✓ Modules management, labs and course coordinator.
- ✓ Delivering the courses under the Anglia Ruskin University 3+0 Bachelors of Computer Science at the LICT campus.

- **Network Analyst (Internship) – November 2008 to February 2009:** STS Student Travel School AB, Gothenburg, Sweden. (<http://www.sts-education.com/>)

Responsibilities:

- ✓ To perform a detailed review of different network aspects such as WAN, VPN, firewall, LAN and wireless network, physical security, access and authentication, routers and switches configuration, disaster recovery plan.
- ✓ To implement appropriate, cost effective, reliable, and stable solutions to enhance the STS network performance.
- ✓ To test implemented solutions effectiveness, reliability, and stability.

- **International Marketing Officer / Project Executive – August 2006 to July 2007:** INTI College Kuching, Sarawak, Malaysia. (<http://www.newinti.edu.my/>)

- ✓ Prepare marketing plans, strategies, and proposals, to handle International Marketing trip's budget.
- ✓ Established and implement strategies to increase number of International Students from Middle East & South Asia Markets.
- ✓ Write detailed project progress reports, provide market analysis and proactive plans to ensure continuous students' growth.
- ✓ Identify cost and prepare a commission contract for consultants. Produce detailed financial reports of marketing trips.

- ✓ Develops relationship with consultants and handle International Student recruitment and visa processing activities.
- ✓ Carry out advertising, marketing campaigns aimed at generating publicity among expected students.

- **Software Tester & Quality Assurance – (Internship): September 2004 to December 2004:** VALUEPLUS SDN BHD, Kuching, Sarawak, Malaysia.
- ✓ Test the software quality, analysis the bugs and report to respective team.

Certifications and Achievements:

- Certificate of completion “Agile & Scrum” DCM, Ireland – 2026.
- Certificate of completion “Cyber Security in Republic of Ireland Workspace” DCM, Ireland – 2025.
- Certificate of completion “Data Protection : GDPR Fundamentals” DCM, Ireland – 2026.
- Certificate of completion “AZ500: Microsoft Azure Security Engineer Associate” – 2024.
- Certificate of completion “LinkedIn Certified: Getting Started as a Project Manager” – 2023.
- Certificate of completion “LinkedIn Certified: CISSP Exam Preparation” – 2023.
- Certificate of completion “LinkedIn Certified: Agile Foundations” – 2023.
- Certificate of completion “LinkedIn Certified: ITIL®4 Foundations” – 2023.
- Certificate of completion “Microsoft Certified Trainer – MCT” – 2023.
- Certificate of completion “SC300: Microsoft Identity and Access Administrator” – 2023.
- Certificate of completion “AZ104: Microsoft Azure Administrator” – 2023.
- Certificate of completion “Cisco CyberOps Associate” – 2023.
- Certificate of completion “Active Directory Basics” LinkedIn Learning – 2022.
- Certificate of completion “Learning Azure Management Tools” LinkedIn Learning – 2022.
- Certificate of completion “Project Management Simplified” LinkedIn Learning – 2022.
- Certificate of completion “Project Management Foundations” LinkedIn Learning – 2022.
- Certificate of completion “Cisco Network Security” – 2022.
- Certificate of completion “Microsoft Certified: Dynamics 365 Fundamentals (ERP)” - 2022
- Certificate of completion “MCE: Microsoft Certified Educator” – 2022.
- Certificate of completion “Oracle Cloud Infrastructure Foundations Associate” – 2021.
- Certificate of completion “Microsoft Certified: Azure AI Fundamentals” – 2021.
- Certificate of completion “Microsoft Certified: Security, Compliance, and Identity Fundamentals” – 2021.
- Certificate of completion “MTA: Security Fundamentals” - 2021.
- Certificate of completion “MTA: Windows Server Administration Fundamentals” - 2021.
- Certificate of completion “Microsoft Certified: Azure Fundamentals” - 2021.
- Certificate of completion "Microsoft 365 Fundamental" - 2021.
- Certificate of completion “Microsoft Certified: Dynamics 365 Fundamentals (CRM)” - 2021.
- Certificate of completion "Enterprise Networking, Security and Automation" - 2020.
- Certificate of completion "NDG Linux Unhatched " - 2020.
- Certificate of completion "NDG Linux Essentials" - 2020.
- Certificate of completion Cisco “Cybersecurity Essentials” – 2020.
- Certificate of Achievement Accenture “DIGITAL SKILLS: ARTIFICIAL INTELLIGENCE” - 2020
- Certificate of Achievement Accenture “DIGITAL SKILLS: MOBILE” - 2020
- Certificate of Achievement Accenture “DIGITAL SKILLS: SOCIAL MEDIA” – 2020
- Certificate of Achievement Accenture “WEB ANALYTICS” – 2020
- Certificate of completion Cisco “Intro Cybersecurity” - 2019.
- Certificate of completion Cisco “Academy Orientation” – 2019.
- Certificate of completion Cisco “Introduction to IoT” – 2019.
- Certificate of completion Cisco “IT Essentials” – 2019.
- Certificate of completion Cisco “IoT Fundamentals - Connecting Things” – 2019.
- Certificate of completion Cisco “CCNA R&S2 - Routing and Switching Essentials” – 2019.
- Certificate of completion Cisco “Train the Teachers” – 2019.
- Certificate of completion Cisco “CCNA R&S1 - Intro to Networks” – 2019.
- Certificate of completion Train the Trainer (TTT) programme, affiliated with HRDF Malaysia, 2018.
- Certificate of attending a workshop “Route to become a Professional Engineer by MySET Malaysia” – 2015.

- Certificate of completion Level 1 TRIZ practitioner in December 2014.
- Certificate of attending the Workshop on “Android and IOS” Mobile Apps Development – 2012.
- Cisco Certified Network Professional (CCNP) – 2008.

Leadership & Management Activities:

- AWS AWS Academy Instructor – 2024/25
- Noroff Cisco NetAcad ITC/ASC Academy Manager – 2022/23
- Team member and organizer of Oman IoT & AI Challenge – 2021.
- Team leader (External), Symposium Networking and Exhibitor Committee, 3rd Student National Symposium IR4.0 (SNSIR4.0) - 2021
- Committee member “Smart Cities Without Borders Symposium, Challenges, and Opportunities During COVID-19” Event @ Ministry of Technology and Communication Oman - 2020
- Team leader (External Sponsorship), 2nd Student National Symposium IR 4.0 @ Higher College of Technology, Muscat - 2020
- Committee member of Instructor Development Program @ Higher College of Technology, Muscat-2019
- Committee member of Student National Symposium IR 4.0 @ Higher College of Technology, Muscat - 2019
- Event manager of ACS membership ceremony @ Swinburne University of Technology Sarawak - 2017
- Event manager of “Big Day in Sarawak” ceremony at Swinburne University of Technology Sarawak - 2017

- Cisco Certified WLAN and IP Telephony – 2008.
- Certificate of accomplishment Java Programming Language by Sun Microsystems – 2004.
- Diploma in Computer Hardware & Software – 1999.

- Chairman of Swinburne Programming Competition Talent Hunt Committee - 2016
- Conference manager of 19th International Conference on Transformative Research in Science and Engineering, Business and Social Innovation (SDPS 2014) organized by Swinburne University of Technology, at Pullman Hotel Kuching, Sarawak, Malaysia.
- Chairperson of Annual Dinner 2013 Committee @ the Swinburne University of Technology.
- Industrial Trip organizer/manager for the students in 2014 & 2015
- Lead student to participate in the “2014 IEEE Malaysia Final Year Project Competition, 2014 – *Student Won first prize under “Power and Energy: Sponsored by IEEE PELS Malaysia Chapter. Project title: Design and Simulation of a Proposed Trans-Borneo Smart Grid.*
- Lead student to participate in the “Three Minute Thesis (3MT) Competition 2014”. *Student Won First prize sponsored by Swinburne University of Technology, Sarawak Campus. Project title: Inter-user interference mitigation in non-invasive wbans for Medical applications. Wireless Sensor Network.*
- Cricket Club Advisor @ Swinburne University of Technology, Sarawak: 2012 to 2019 & Manager of students Sport Club.
